- **Sky Valley:** Sky Valley's Sweet and Spicy Sriracha Nuts recipe is easy to make and delicious for gifting!
- **Tony's:** Tony's Chocolonely is on a mission to make chocolate slave free. Share their dark chocolate candy cane or milk chocolate gingerbread bars in a stocking or include them in a holiday recipe.
Dear Team Members,

Thank you for joining us for this year’s online Holiday Bazaar! Normally, we would have gathered at the global office in Austin as we do every year, but that was not possible due to the ongoing pandemic. What’s the silver lining? Pivoting this event to an online activation that would allow us to reach many more team members to celebrate the generosity of our partners and Team Members this holiday season.

To date suppliers have donated over $14 million to alleviate global poverty through Whole Planet Foundation. Every year we honor those brands that commit to one of our annual giving levels. The support of these brands goes beyond monetary contributions, including in-kind donations, visits to microfinance projects when possible and sponsorships of events, like this year’s holiday bazaar sponsors. A special thanks to them!

Our supplier community is a huge source of support for the work that we do and while I oversee these partnerships, it is you, our Team Members that really make these partnerships possible. You hang signs in-store promoting their generous support, you participate in WPF events and the work you do every single day allows WFM to fund 100% of our operating expenses allowing all donations to go directly to our mission. You truly help us to secure the ongoing support of partners and keep our work going.

Thanks to all of you and our supplier community, we surpassed our $10,000 holiday bazaar goal! I’ll be sending out final results and impact numbers soon on Innerview. Now the announcement that you have all been waiting for. Thank you to Unilever brands, like Seventh Generation, that not only sponsored this event, but also donated a grand prize of a washer/dryer (in the form of a $2,000 gift card) to WPF for this event. The winner of this grand prize is Tim Graves!!! Congrats to Tim and all of our daily lucky winners! We’ll be reaching out to all our winners this week with the goal to get everyone their prizes before the holiday. If you have any immediate questions, please reach out to sandy.mariscal@wholefoods.com.

On behalf of our Whole Planet Foundation Team, thank you for all you do in your jobs everyday to keep our customers and each other safe, to serve our communities and to help create economic opportunity in the places where Whole Foods Market sources products. We appreciate you!

Many best wishes to you and yours this holiday season,

Sandy and the Whole Planet Foundation Team
