1. Design and create a website:
  - a) Chose a free platform and create a web site for The Agroecotourism Association of La Argentina.
  - b) Design site and create text writing stories for the website about the association, women's and young people importance for rural area and each farm and create information for travelers.
  - c) Give the community access.
  - d) Design a general banner for the Association and create one banner for each farm, this could be in front of each farm, it will be very helpful to identify them.
2. Create Facebook and Instagram accounts, give the community a file with different possible posts.
3. Design and print flash cards using photographs of animals, fruits, birds: around 10 cards per farm.
4. Create documents: Description of the coronavirus protocol, packing list when you visit their farms and general info, very graphic and friendly.
5. Create business cards for each farm.
